ING Re Announces New Perinatology Consultant

ING Re welcomes William A. Block, Jr., M.D. to its team of medical consultants. Dr. Block is board certified in obstetrics and gynecology, and maternal fetal medicine. He is a practicing perinatologist at United Hospital in St. Paul; Mercy Hospital in Coon Rapids; and Abbott Northwestern Hospital in Minneapolis, Minnesota.

Dr. Block's special interests are medical complications of pregnancy, prenatal diagnosis and fetal therapy. He has published several articles on high-risk perinatal complications, and has lectured throughout the United States. Dr. Block is available to ING Re clients to consult on individual high-risk pregnancy cases, or for program review issues. There is no charge for this service of the ROSE[®] program.

Dr. Block is replacing Dr. Emanuel Gaziano, who has resigned from his consulting position for the ROSE program, due to increasing demands at work. We would like to acknowledge our appreciation of Dr. Gaziano's seven years of service for the ROSE program. He has been instrumental in the quality review and ongoing support of the ROSEBUD[®] specialty case management program as well as consulting on individual high-risk members.

To access Dr. Block, please call your ROSE health services consultant at 1-800-767-3509.
