Reinsurance Outcomes and Service Experts

## INTERLINK Transplant Network Now Available to ING Re Clients

ING Re is pleased to announce a new relationship with INTERLINK Health Services for access to their Transplant Network. Through the INTERLINK association, the buying power and services of one of the largest outcome based transplant networks in the United States are now available to ING Re clients. This network is an addition to our ROSE<sup>®</sup> Services, and not a replacement for the U.R.N. transplant network that continues to be available.

On average, INTERLINK's contracts produce a 37 percent savings from total charges which typically include hospital charges, professional fee's, organ and marrow acquisition, and most all charges related to the transplant during a specified period of time.

The INTERLINK Transplant Network promotes access to over 230 of the nations finest transplant programs. Each facility and program undergoes rigorous credentialing and quality screening prior to an onsite visit by INTERLINK's medical team. INTERLINK reviews and contracts with the full compliment of solid organ and bone marrow transplantations.

Many special tools and educational resources are now available to ING Re clients. INTERLINK's dedication to its clients, transplant knowledge, and continuing education will be passed along to you. As well, every client is entitled to a complete implementation which will fully integrate you with the INTERLINK team from the medical staff to billing and operations.

Additional resources through INTERLINK include:

- Transplant CE – free *online* CE's 
- Client Guides & Candidate Education Books 
- Quick Reference Guide – free transplant informational CD-Rom 
- Claims Repricing, Re-packaging, and Bill Review, Customized Benefit Language, Professional Phone Support, Client Implementation

Making a referral is easy! Your association with ING Re gives you the ability to begin accessing these facilities and receive INTERLINK contract rates starting today. The network can be accessed on a case-by-case basis, with an individual Memo of Understanding signed for each case. By signing the Memo of Understanding, you are agreeing that the INTERLINK services are subject to the terms of the ROSE Agreement.

Contact your ROSE Health Services Consultant for more information and to access the INTERLINK Transplant Network. She will assign you a tracking number, which you will include on all transplant submittals to INTERLINK. Once the tracking number is established, referrals can be made on INTERLINK's secure website. For additional information about INTERLINK Health Services, please visit [www.interlinkhealth.com](http://www.interlinkhealth.com).
